PROPERTY PROGRAM

Walling from L.A. Discusses Plans

In order to coordinate the actions of the Evacuee Property division in the WRA centers with those of the Southern and Northern California headquarters, Transportation Supervisor R. A. Walling, section of evacuee property, arrived in Rohwer yesterday to confer with Project Director Ray D. Johnston and C. V. Updegraff, transportation and supply officer.

"Property stored in Los Angeles will be shipped out here as soon as I return to that city," stated Walling who believed that by that time, there will be enough requests for property to warrant a shipment.

"Since we are now in a position to handle all kinds of property in our newly-acquired warehouse with 100,000 square feet of floor space, the evacuees are advised to transfer their goods into government warehouses."

"Private storage places have been often pillaged by irresponsible custodians or by vandals. The property under our care has suffered no losses except for the usual damages due to handling and faulty cratings. Our facilities have now been improved to the extent that we treat all rugs and upholstered furnitures like commercial warehouses."

Walling further added that he will soon have photographs of the government warehouses to show the center residents. The pictures will show effects of vandalism in private storage buildings as well as scenes of WRA warehouses.

CHICAGO CONVENTION ENDORSES NISEI, ISSEI

A resolution, urging the relocation of all loyal Americans of Japanese ancestry as well as alien Japanese whose loyalty to the United States has been established was adopted at a recent convention of the American Federation of Teachers which was held in Chicago during the week of

August 16th.

The resolution stressed that discrimination against loyal Americans and aliens is contrary to the principles of both the Declaration of Independence and the Constitution of the United States. The nation, it was stated, must therefore endeavor to utilize both the manpower of loyal Japanese and their cultural contributions which can enrich our civilization.

In adopting this stand, the American Federation of Teachers urged the President and the WRA to make every effort to effect a speedy relocation of those loyal Americans and alien Japanese who now reside in relocation centers, in order that "these people may enjoy the rights and privileges to which they are entitled".

RED CROSS

The Red Cross desk in ad. building 2 will accept any and all contribution from the residents, evacuees or appointed personnel. Such items as old clothes and shoes as well as monetary aid will be appreciated.

Over \$500 was spent by the chapter to supply the baggageless Gripsholm group with necessary clothing and miscellaneous items.

GROUP ONE NOW EN ROUTE!

At 10 a.m. yesterday morning, the first segregation train left the railroad siding at the Rohwer center and rolled on its way west to Newell, California. The train carried officially, a total of 433 segregationees to the Tule Lake center.

Despite the early 5:30 breakfast and the rapid transit of those who were scheduled to go from the blocks to the boarding point, just east of the

warehouses, the delay in train arrival caused the departure to be two hours late. A sizable crowd, estimated at about 2500, was on hand to see the group off.

Without a hitch, the planned schedule made by the segregation committee of the Community council, was carried through. The freight and baggage pickups were successfully completed Sunday and Monday mornings. The breakfast

hours in the messes were changed from 6:30 to 5:30 a.m. in order to allow the segregationees enough time to be ready to leave at 7.

The late arrival of the train, however, disrupted the schedule. Besides the Tule-bound evacuees, the passengers included Assistant Project Director Francis Mangham and a special escorting detachment from the Army. Probable arrival date at Newell is expected to be on September 19.

Lt. Ellis Of the WACs

Lt. Elizabeth Ellis of the Pine Bluff recruiting station will be in the center again tomorrow to speak to those who are interested in joining the WACS. She will be in the Reports office located on the south end of the Public Works building.

Any interested woman may see Lt. Ellis for an interview.

RESSETTLEMENT IN NEW ENGLAND

Prospects for resettlement in the New England area, according to Roger F. Clapp, relocation officer stationed in Boston, Massachusetts, is highly recommended for evacuees who have been cleared by the Joint board.

In war boom cities, housing presents a problem similar to those encountered elsewhere but the living costs is comparable if not lower than those of

other areas. Statistics show that the costs in Boston, the largest city, are about five percent lower than in San Francisco.

New Englanders are friendly and cooperative and judge others by their merits. Their high regard for pride in their democratic heritage has paved the way for a favorable community sentiment.

Most of the northern states are devoted to agri-

culture while the mountainous terrain of certain parts of the area has provided the sources of power to create many industrial centers in the New England states.

Fishing is also a major activity while dairy-livestock enterprises predominate in some sections. Lakes and mountains in the north provide excellent recreational and cultural facilities for all.

Hunter Extols WACs

There are important reasons why women of Japanese extraction should volunteer for the Women's Army Auxiliary Corps, which is now open to them. This branch of service offers them an opportunity to serve their country in a special way in a period of great need; it offers better wages and more economic security than most available jobs; it offers an opportunity to exert an influence upon women of their age with whom they will be associated, just as their brothers are doing among the men in the army, an influence which will help to create a more favorable attitude in America toward citizens whose parents are Oriental; it offers more protection to young women than they will find in the great cities; and this service during the war will give the women who wear this uniform a right to demand justice for themselves and their parents, and in fact for all Americans on the same basis.

GRIPSHOLM STATISTICS

On September 2, 1943, the S.S. Gripsholm sailed from Jersey City for Mormugao, Portuguese India with 314 evacuees from the relocation centers.

The Gripsholm will make a stop at Rio de Janeiro, Brazil, where a small number of additional repatriates will be taken aboard to make the full exchange quota of 1500 persons. From Brazil, the vessel will sail to the Portuguese part of Mormugao on the west coast of India, where the exchange of American and Japanese repatriates will take place.

In connection with the sailing of the Gripsholm,

special provisions were made to permit residents of relocation centers to send personal messages to friends and relatives in Japan. Over a thousand messages were sent from Rohwer to

Washington. These letters together with about 11,000 others will be sent by air to Rio de Janeiro, where they will be transferred to the Gripsholm for the rest of the journey.

Tak Abo Hurls No-Run No-Hit Game; Errors Proves Costly for 'B' All-Stars

Tak Abo, Denson's pride and joy of the Class "B" Baseball league, pitched the first no-hit and no-run game of the season against the Rohwer "B" All-Stars last Sunday, when he shut them out, 6-0.

2000 rabid Jerome ball fans cheered Abo on to baseball's Hall of Fame as he became the first pitcher in

Denson baseball circle to achieve the perfect game.

Although the Rohwer batters worked chunky Tak Abo for eight bases on ball, he made up for it by sending nine men via the strike out route.

In the bottom half of the first inning, the Denson nine pushed over three runs on a walk, a hit and two errors.

They added an another marker in the second frame, with one away. Jack Urabe walked and stole second; then he came home on Hank Nishioka's sharp single to center.

With a lead of 4-0, the Denson All-Stars crossed the home plate for two more tallies in the sixth canto. Nishioka worked relief chucker George Kagawa for a walk, George Toyama got a scratch single, then Ted Taniguchi received a free pass. With the bases loaded, Yosh Tachino hit a long fly to center to send in Nishioka; with one man down, and runners on second and third, Hiro Uyehara squeezed in Toyama for the sixth run of the game.

The only Rohwer player to solve the delivery of Tak Abo was Haruo Sumimoto who reached first base three times on walks.

The local All-Stars had two golden opportunities to produce runs, but both times they failed to come through.

Peter Shimada and George Kagawa shared the mound duties for Rohwer and limited Denson to five hits.

CLASS 'D' LEAGUE MANAGERS TO MEET TONIGHT

Tak Horita Commissioner of "D" league has requested all managers of the "D" league to be present at an important meeting tonight at PS hall 27 at 8:00 p.m.

Block 16 defeated the Block 4, 15-5, to win the championship of the Class "D" league.

'A' SOFTBALLERS HANDS JEROME SECOND LOSS

'SCOOTER' KAYASUGA SPARKS LOCALS

The Rohwer Class "A" Softball All-Stars trounced the Denson "A" All-Stars, 10-2, to make it two straight wins for the locals.

Sam Iida, who hurled a three-hitter, had a shut-out going into the last half of the seventh inning, when he momentarily lost control and walked four batters; then a one base blow by B. Tanaka scored the two runs for the Denson All-Stars.

The Rohwer ten started the ball game off by scoring one run in the initial inning, when Hiro Kayasuga reached first on a centerfielder's error of his fly ball and scored on Shiro Mizufuka's grounder to third.

The local All-Stars added four more tallies in the fourth frame, when successive singles by Kayasuga and Mizufuka and a walk to Sat Ouno loaded the bases. Frank Kamibayashi cleaned the bags with a double to right field and he scored a moment later on Sambo Kamibayashi's long fly to left.

In the top half of the seventh canto, the Rohwer All-Stars knocked in five runs on three walks, an error and two hits by Kanji Omokawa and Sam Iida.

The big gun for the winner was Shiro Mizufuka with a triple and a single.

Playing an outstanding defensive game was "Scooter" Kayasuga who made sensational catches in left field to rob the Denson team of extra base hits.

"CLEVELAND" HOSTEL AIDS EVACUEES

As many evacuees have relocated through the relocation hostels, detailed information on how to relocate through a hostel were given out jointly by the American Baptist Home Mission society, American Friends Service committee and Brethren Service committee. Inquiries may be made with Dr. J.B. Hunter or the Rev. H. Sakano at 16-11-B.

Hospitality facilities now open for evacuees in the Midwest area are: Chicago--Brethren Hostel, 3455 West Van Buren, Mr. and Mrs. Ralph Smeltzer, directors; Friends Hostel, 350 West Belden avenue, Mr. and Mrs. Robertson Fort, directors; Cincinnati, Friends Hostel, 2820 Winslow Avenue, Mr. and Mrs. Arthur Brinton, directors; Cleveland--Baptist Hostel, 2429 Prospect avenue, Mr. and Mrs. Max Franzen, directors; Des Moines,--Friends Hospitality Center --1514 31st St., Mr. and Mrs. John Copithorne, directors.

"A hostel is an enlarged home. Those who live in it share in the chores, in the board and in the good fellowship of fellow evacuees. It is only a temporary home until more permanent housing can be secured. A hostel is not a hotel or rooming house. You share in kitchen duties and house-cleaning, and through a cooperative plan of living, expenses are reduced to a minimum."

In making plans for relocation, the following steps were recommended:

"Decide where you are going to relocate, keeping in mind cities where housing accommodations and hospitality facilities are

immediately available. A definite job is not necessary in order to come out through hostel invitation. Hostels are able to accommodate families.

"Apply for hostel invitation with the representatives of the hostels here. Inquire at the Leave Office. Fill out an application form which you may secure from them.

"You will be notified by the directors of the hostel to which you plan to go, as soon as there is room for you. Invitations are wired directly through the WRA.

"Pack up and prepare to take leave as soon as you received word of an invitation. Tend to all the necessary details of departing from camp life. Address your baggage in care of the hostel.

"Wire enroute to the directors of the hostel, stating time of scheduled arrival, name of train, name of station. For any needed directions, inquire of Traveler's Aid at the station.

"Upon arrival it is suggested that you telephone the hostel, notifying the directors. Take a taxi directly to the hostel.

"Expenses--The Brethren and Friends Hostels in Chicago, the Baptist Hostel in Cleveland, and the Friends Hostel in Cincinnati charge \$1 a day for adults and 50¢ a day for children under 12 (children under 10 at Cleveland.) This included room and three meals a day. When evacuee secures a job, the rate is increased to \$1.50 for adults and 75¢ for children. The average length of stay at a hostel has been from one to two weeks."

The ironic hands of Fate seem to play funny tricks at times and yesterday's departure of the segregoes for Tule Lake was not an exception.

On board one of the new California-bound cars is a family which has one son in the United States Army. The son is doing well in our armed forces. However, the rest of the family signed for repatriation after living in the assembly and relocation centers for a period of nearly a year.

The family had no intention of leaving this country before the war. It willingly sent one of its sons into the Army in the early part of 1941, but the remaining members of the family altered their decisions when evacuation became a fact. There are many others like this family. Is this a question of disloyalty or one of disillusionment?

THE GRIPSHOLM

Another remarkable human interest story has its origin with the departure of the Japan-bound SS Gripsholm. On the exchange ship, an aged couple are listed as passengers. They are returning to their birthplace, leaving behind a son and a daughter who have decided to pledge their loyalty to this nation.

TYPEWRITER SHORTAGE

The newspaper staff is obligated to leave Officer Herschel Abbott and Ralph Estes for their aid in obtaining necessary use of typewriters to complete this issue of the OUTPOST.

With only one typewriter in working condition and the staff depleted to a skeleton crew of eight full-time workers (2 males and 6 females), their help is greatly appreciated.

Our thanks are extended also to the Project Attorney's office for the use of its typewriter. We are hoping that the shortage is alleviated very soon.
